**Bob Artley : Bob Artley's Cowtoons: Living with Cows** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bob Artley's Cowtoons: Living with Cows:

0 of 0 people found the following review helpful. Bob ArtleyBy Gussie 2Bob Artley's books are always a good read! As dairy farmers this book gives us many laughs. Can't go wrong with this book.3 of 3 people found the following review helpful. An amusing anthology of cartoons depicting farm lifeBy Midwest Book ReviewCowtoons: Living With Cows is an amusing anthology of cartoons depicting the lighter side of farm life, from the mud and general mess of March to the oppressively hot and humid cowbarns of summer, and much more. The whimsical black-and-white drawings will induce a chuckle in anyone, but will strike an particularly deep chord in the hearts and minds of former or current farmers themselves, especially dairy farmers. A superb giftbook and a celebration of dairy farming heritage, as well as a just plain funny read.

Bob Artley's Cowtoons is a delightful look at the author's own love-hate relationship with cows. From the mud and mess of March to the hot, humid cowbarn of summer; from welcoming spring's first calf to milking sessions that also included important life discussions with Dad, Artley presents farm life with just the right amount of whimsy, nostalgia, and wisdom. "Bob Artley's Cowtoons" is a collection of drawings from his popular series ""Memories of a Former Kid"" that has been syndicated in daily and weekly newspapers across the United States since the 1970s. The book was originally published as "Living with Cows." About the Author: Bob Artley is considered one of the country's foremost recorders of farm history. His wonderful artwork and stories reflect his sense of country nostalgia and farm heritage and speak to anyone with a farming background, and to those who yearn for simpler times.

Small Farm Today, July 1, 2006 "This is a good read."
