The pictures are detailed and intricateBy CustomerThis is a lovely and unique colouring book. It has become my favourite. The pictures are detailed and intricate, and depict this beautiful culture. I love colouring in this book and bringing these pictures 'to life.' In my opinion, this is a 'must have' colouring book.

Here's a delightful little, carry-along book of 25 hand-drawn illustrations of Indian fashion, design, and culture. Perfect for fashionistas and colouring fans of all ages, adolescent to adult. If you have ever been to an Indian wedding or event, the vibrant colours of the clothing were sure to have left an impression. Easily fitting in a tote or handbag, this

book is an invitation to indulge your sense of colour and style anywhere.
