If you buy it as a present, please ask the person what she/he think about the movie. I think SBC is doing something unique that no one ever attempted. I absolutely love Borat will and recommend to learn about his cultural adventures to anyone who is interested in understanding Americans and how they think. 0 of 0 people

Twisted esoterica of BoratBy Gusano VerdeIf you liked the Borat movie, or if you like the Borat character on Da Ali G Show, then, of course, you must have this book. It takes you a lot deeper, maybe deeper than you want to go, into the twisted esoterica of Borat. A beautiful hardcover issue, this will likely be a collector's item someday, so pick up a lightly used copy on the cheap...0 of 0 people found the following review helpful.
