Mark Pollman : Bottled Wisdom before purchasing it in order to gage whether or not it would be worth my time, and all praised Bottled Wisdom:

0 of 0 people found the following review helpful. I was the bar manager at his bar a few years ago and thought it was a great purchase for the barBy K. S.It's Mark Ducking Pollman. I was the bar manager at his bar a few years ago and thought it was a great purchase for the bar. Make yourself a cocktail and grab yourself a chair. This book is funny.2 of 2 people found the following review helpful. A Spirited ReadBy Stephen A. KennettA rich and varied compendium of interesting, entertaining, and thoughtful quotes on drinking, Bottled Wisdom is the perfect tonic for the ill-view that a minority in our society take toward the culture of alcohol. Best shared with a friend over a tasty beverage, this book offers humorous and thoughtful quotes. In fact, some of the best quotes are surprising in content and authorship. Just as a visit to a quality bar should be, this anthology will make you smile, laugh, and reflect on life. You will make new friends and be happy to see some old cronies in these pages. Pollman has done his homework and offers a varied and rich anthology. Reigle's illustrations are good and complement the text without overpowering the words. For the imbiber that has everything, this book is the perfect holiday gift.2 of 2 people found the following review helpful. A "spirited" rendition; like an evening at the "Hounds"By AJVAVERE@WORLDNET.ATT.NETMark has done a fabulous job of collecting some classic "wisdom" as well as a whole lot of wonderful new material. I now have a habit of purchasing a copy of the book for all of my ex-U.S. co-workers (after a visit with Mark at the pub, of course) to show them that American humor and ingenuity are alive and well !! I suspect that there are a number of foolish publishers out there "cryin' in their beer" over this lost opportunity ! This book is a great gift for yourself or anyone who appreciates great wit and a tasty libation.
