**Dave Meurer : Boys Will Be Joys** before purchasing it in order to gage whether or not it would be worth my time, and all praised Boys Will Be Joys:

1 of 1 people found the following review helpful. Mom! Hand me a towel and DON'T come into the living room! By Whistlers Mom My sister still has nightmares about relaxing in a steamy bath and hearing these words coming from a

six-year-old on the other side of the bathroom door. You guessed it! She has a son. I read this book two years ago and reread it this morning. I swear it's even funnier than I remember. Anyone who thinks raising boys and girls is the same job doesn't know much. My mother had three daughters and thought she had the parenting thing down pat. Then she had two sons (very close in age) who quickly transformed our house into a zoo. If you have a son or sons, you'll find plenty in here that will bring back fond (and maybe not-so-fond) memories. And if you have only daughters, here's your chance to see what you missed. I love the delightful new cover picture and I love this book. 0 of 0 people found the following review helpful. **The Joy of Parenting Boys** By Kathryn This is not actually a parenting book, more a humorous memoir of one's parenting of two boys. It is published by the Christian publisher, Zondervan and although each chapter ends with scripture and there is mention of God, Jesus, etc., it is not overly Christian. I found myself chuckling to much of the book; had I not been in public while reading much of the book, I would have laughed aloud. It is a short easy read that I picked up for free several years ago. I hope Dave Meurer writes more books like this one. 5 of 5 people found the following review helpful. **glad I have a daughter** By Dirtboy's Girl I picked this up because I have a friend with 2 young boys and she often tell funny stories about their antics and I wanted to see how they compared. Well, I laughed so hard that halfway through the book I called her and told her she needed to read it. I laughed until I cried!

Parenting is not for wimps. When it comes down to it, sometimes parents just have to wing it, says Dave Meurer, father of two rambunctious boys. In this delightful read, Meurer waxes humorously on the miraculous feat of raising boys and staying sane at the same time.

**From the Back Cover** Parenting is not for wimps. In fact, it's a miracle that anyone can raise a kid and stay sane at the same time. And every parent knows that sometimes you just have to wing it. Dave Meurer says he's no parenting professional. But he is the father of two rambunctious boys. In this delightful read, you'll find helpful tips, hilarious observations, and profound reflections on bringing up boys--not to mention accounts of inane outbursts, incredulous questions, and stunned exclamations. With unique insight and loads of fun, Meurer shares those things that drive parents crazy--and the things that make the adventure well worth the ride. Dave Meurer is the father of two sons and the author of several books, including *The Hair-Raising Joys of Raising Boys*. He lives in northern California. **About the Author** Dave Meurer is the father of two sons and the author of several nonfiction books, including *The Hair-Raising Joys of Raising Boys*. He lives in northern California.
