Ever since Joan and Wally got married I've been making bets with myself whether or not a baby would be on the way. It turns out I was right. This is book nine of the Stone Soup series and a fun filled one it is too, especially when Joan's pregnancy gets going. Bless Jan Eliot, her books are a riot and very insightful at the same time.0 of 0 people found the following review helpful. Five StarsBy CustomerA funny look at the stressful and joyful life of this family.0 of 0 people found the following review helpful. absolutely fantasticBy Jo-AnneJan Eliot is one of the best cartoonists working today. I've loved all her books, and this one is no exception. Her characters are better than real (wittier, funnier, but in situations that very much resemble reality), and her drawing has gotten better and better over the years. Buy all her books. Subscribe to her comic strip online. Get your newspaper to carry it (mine just started). Can't wait til the next book comes out.

This is the ninth collection of Stone Soup cartoons. Stone Soup is a comic strip with wide appeal that has been

syndicated in over two hundred newspapers for more than fifteen years. Stone Soup features an extended, blended multigenerational family, and the humor comes from their chaotic, messy, and joyful life. From the working mom trying to stay professional while her middle-schooler melts down on her office phone, to the toddler who prefers wearing his potty as a hat, all mixed with the surprise of an "oops" baby on the way...the Stone Soup clan lives a life that is just about as messy as it gets. Stone Soup follows the lives of Val and Joan, two sisters who, together with their families live next door to each other, just across the fence. Sometimes the fence is not high enough, but deep down they all depend on each other for a full and complete life.

About the AuthorJan Eliot was a harried working mom struggling to support two young daughters when she first began drawing cartoons based on her experiences. Members of her family, plus friends and coworkers, have been models for her characters, making the Stone Soup family seem very real to its readers. Eliot's work is exhibited in the Charles Schulz Museum and The San Francisco Cartoon Art Museum. Now internationally syndicated, she cartoons full time.
