Editors of Publications International Ltd. : Brain Games: Dot to Dot - Famous People and Places before purchasing it in order to gage whether or not it would be worth my time, and all praised Brain Games: Dot to Dot - Famous People and Places:

2 of 2 people found the following review helpful. Missing and duplicate numbers - poor printingBy Savvy ShopperThis is my second Brain Games dot-to-dot book. I thoroughly enjoyed the first one, which is why I bought this one (also bought this book for someone else). I am very disappointed. The printing is terrible - can't read some of the numbers, some of the numbers are missing, there are duplicate numbers, and it appears that some of the numbers have been cut off on the margins. I have to use a magnifying glass on about half the puzzles - didn't have to with my first book.Now I wish I hadn't ordered the second copy of this book as a gift. I would return it but it's already been wrapped and mailed off as a Christmas present.I have another Brain Games book that I bought. Have not tried it yet so do not know the quality.1 of 1 people found the following review helpful. Not for those with faint vision.By CustomerThe dots to dots are great the only exception is that some of the spots are so small even with with magnification it is hard to see where the dots went but if you give it a second you can find them and get back on track again.0 of 0 people found the following review helpful. Poor Quality of design.By K. SchappersteinBook has numerous mistakes in the dots.

Some repeat a section of numbers. Others have numbers no dots or dots with no numbers and dots crossing over lines (which should never happen.) Poorly designed. Drawings with numbers so small and close together we had to use magnifier. Would not recommend.

Contains more than 120 challenging dot-to-dot puzzles. Connect hundreds of dots to reveal detailed pictures of landmarks, natural wonders, historical figures, and celebrities. Add color or shading for that extra artistic touch - you'll be amazed at the incredible drawings you create! Do you have dot-to-dot mania? If so, Brain Games Dot-to-Dot Famous People Places will satisfy your puzzle obsession!
