Paul Venier, Robert Church : Brand Spankin' New Limericks before purchasing it in order to gage whether or not it would be worth my time, and all praised Brand Spankin' New Limericks:

Definately a good idea for a gift to someone who has a sense of humor!0 of 0 people found the following review helpful. Very OriginalBy Katherine PongraczWow! Didn't know what to expect, but these limiricks are original and very funny...pass it on to friends...excellent gift idea!

There once were two guys from the east, who wrote this book for your eyes to feast. Limericks naughty and not nice. But enough to suffice to make you blush, to say the least. A great book for the coffee table, the bathroom or any other location in your house that needs brightened up! This is also a great novelty gift for people you know who like to laugh out loud! Or, make your next party pop by reciting some of these Brand Spankin' New Limericks! You'll be glad you did... and so will your guests.
