The drawings are painted exquisitely in water color and every time I go back to re-read a strip, I will always find some new and tiny detail I have missed. The cats are hilarious and heart warming, and they feel so life like. My family and I have become so invested in this strip and just adore all of the characters. Cat personalities are spot on for anyone who has ever been around cats for any length of time. These strips will make you laugh, cry, giggle, tear up, and outright guffaw. You won't be disappointed in this book. Edit: You can now find these guys daily in newspapers now! I have given this book as gifts to several family members and all have loved. I love how

this comic is family friendly for ALL ages. You don't see that too often anymore. I really hope the publisher makes a second (and third and fourth, etc!) book of our favorite feline reporters! My cats give it 4 paws up each! 16 of 16 people found the following review helpful. I love this comic! By Terri I've loved this comic strip from the first time I read it. The idea of cats as reporters is funny, fits them, too. I love viewing the world from their point of view. I read the strip every day can't wait until the next book! 12 of 12 people found the following review helpful.
