**Glenn Beck : Broke: The Plan to Restore Our Trust, Truth and Treasure** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Broke: The Plan to Restore Our Trust, Truth and Treasure:

0 of 0 people found the following review helpful. Enjoyed challenging points of view but most not achievable By CustomerJohn Enjoyed challenging points of view but most not achievable. As much as we say we need to learn from history, we never do. For some reason we think always smarter than others but in fact dumber. National debt is a serious problem but until middle class is directly affected will not be addressed seriously. 0 of 0 people found the following review helpful. Beck Being Beck! By Johnny G Total waste of money. Beck is way too far out there for my tastes. If you buy his soap you might like this book. 1 of 1 people found the following review helpful. BROKE: Common Cents! By Dr. Stanley Toompas Just like his book "An Inconvenient Book" and his book "Arguing With Idiots", this book, "Broke" is simultaneously entertaining and informational, presented with an attractive layout. Like him or not, Beck enlightens with facts, figures and examples. He also reviews American history throughout his text. He reminds the American reader of where we began and the evolution/changes that took place to end up where we are

today ....BROKE. He reminds us of how precariously close we are to loosing this great republic, and just how great America COULD be if we regain our common sense and constitutional direction. A good read, which I highly recommend. Dr. Stanley E. Toompas, Optometrist Author of "I'm the One the Other Isn't"

Nationally syndicated radio host Glenn Beck deploys his wildly distinctive humor to take on the political landscape. THE FACTS. THE FUTURE. THE FIGHT TO FIX AMERICA—BEFORE IT'S TOO LATE. In the words of Harvard historian Niall Ferguson, the United States is “an empire on the edge of chaos.” Why? Glenn Beck thinks the answer is pretty simple: Because we’ve turned our backs on the Constitution. Yes, our country is financially broke, but that’s just a side effect of our broken spirit, our broken faith in government, the broken promises by our leaders, and a broken political system that has centralized power at the expense of individual rights. There is a lot of work ahead, but we can’t move forward until we first understand how we got here. Starting with the American Revolution, Glenn takes readers on an express train through 234 years of history, culminating with the Great Recession and the bipartisan recklessness of Presidents Bush and Obama. It’s the history lesson we all wished we’d had in school. (Did you know, for example, that FDR once made a key New Deal policy decision based on his lucky number?) Along the way, you’ll see how everything you thought you knew about the political parties is a lie, how Democrats and Republicans alike used to fight for minimum government and maximum freedom, and how both parties have been taken over by a cancer called “progressivism.” By the end, you’ll understand why no president, no congress and no court can fix this problem alone. Looking toward them for answers is like looking toward the ocean for drinking water— it looks promising, but the end result is catastrophic. After revealing the trail of lies that brought us here, Broke exposes the truth about what we’re really facing. Most people have seen pieces of the puzzle, but very few have ever seen the whole picture—and for very good reason: Our leaders have done everything in their power to hide it. If Americans understood how dire things really are, they would be demanding radical reform right now. Despite the rhetoric, that’s not the kind of change our politicians really believe in. Finally, Broke provides the hope that comes with knowing the truth. Once you see what we’re really up against, it’s much easier to develop a realistic plan. To fix ourselves financially, Glenn argues, we have to fix ourselves first. That means some serious introspection and, ultimately, a series of actions that will unite all Americans around the concept of shared sacrifice. After all, this generation may not be asked to storm beaches, but we are being asked to do something just as critical to preserving freedom. Packed with great stories from history, chalkboard-style teachable moments, custom illustrations, and Glenn Beck’s trademark combination of entertainment and enlightenment, Broke makes the case that when you’re traveling in the wrong direction, slight course corrections won’t cut it—you need to take drastic action. Through a return to individual rights, an uncompromising adherence to the Constitution, and a complete rethinking about the role of government in a free society, Glenn exposes the idea of “transformation” for the progressive smokescreen that it is, and instead builds a compelling case that restoration is the only way forward.

About the Author Glenn Beck, the nationally syndicated radio host and founder of TheBlaze television network, is a thirteen-time #1 bestselling author and is one of the few authors in history to have had #1 national bestsellers in the fiction, nonfiction, self-help, and children’s picture book genres. His recent fiction works include the thrillers Agenda 21, The Overton Window, and its sequel, The Eye of Moloch; his many nonfiction titles include Conform, Miracles and Massacres, Control, and Being George Washington.
