Laugh-out-loud funny AND full of really useful perspective on money By Jo Mackness I was really surprised by the fact that this book could be both laugh-out-loud funny AND actually full of really useful perspective on money, as well as life in general. We all spend a lot of time concerning ourselves with "first world problems" and this is such a breath of down-to-earth fresh air. I normally have a harder time getting through non-fiction and I found this to be such a great read--lots of "that's happened to me" or "I cannot

believe that happened to her... but maybe it could in LA" stories--such that I couldn't put it down. A terrific mix of humor and meaning.3 of 3 people found the following review helpful. Laugh out loud funny with useful tips along the way!By Sejal HingrajiI was laughing out loud through the whole book. It's a great book for anyone, no matter what their financial situation. The stories, were not only funny, but completely relatable. We've all been down and wanting what others want....this just reminds you that you are human and makes you laugh too. I also found quite a bit of useful info in it. What a great read - also a good gift for others!!2 of 2 people found the following review helpful. Ready to laugh?By Kathryn CanfieldHumorous, tongue and cheek book on whatever financial situation you are in. The author explains shes not a financial guru or anything. Bought another one for a friend's birthday because I laughed through every chapter.

Praise for Dina Gachman "Dina weaves comic gold by exposing the revelatory moments and little humiliations of things everyone can relate to. By turns fun, funny and gut-punching, she keeps it light but isn't afraid to go in for the kill." —Ransom Riggs, author, *Miss Peregrine's Home for Peculiar Children* and *Hollow City* "Dina Gachman has the amazing ability to make you actually want to listen to someone else's money problems. You may not want to listen to a friend talk about her student loans, lack of job, or being on hold with the unemployment office, but somehow you'll stick with Dina through all that and more." —Eve Troeh, reporter, NPR Marketplace "Dina Gachman's wry wit, perspective, and cultural knowledge give her writing a highly readable, fun, and easy to digest style." —Eamon McNiff, producer, ABC's *20/20* "Most people don't like to talk about money, or their own failures. Thank goodness Dina Gachman does. Her very funny book is full of great practical advice for anyone struggling with money which, let's be honest, is all of us." —Dorothy Pomerantz, L.A. Bureau Chief, *Forbes* "Brokenomics is a wise, witty, and wonderful guide to living cheaply and well. Even the well-heeled should heed Dina Gachman's excellent advice that you don't have to spend wildly to have a great life. In the hours it took me to read her hilarious book, I didn't spend a dime and laughed my butt off." —Joseph D'Agnes, author of *The Money Book for Freelancers, Part-Timers, and the Self-Employed* "Dina's writing is awesomely weird in the best way possible." —Jenny Lawson, author, *Let's Pretend This Never Happened* "From unemployment to the business of TV, her stories are both smart and entertaining, which is not an easy balance to pull off." —Dorothy Pomerantz, editor, *Forbes*
