B. R. Peterson, J. Angus : **Buck Peterson's Complete Guide to Deer Hunting (Roadkill)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Buck Peterson's Complete Guide to Deer Hunting (Roadkill):

I gave the "Complete Guide to Deer Hunting" to my hunting partner to read because I'm sure he will enjoy it as much as I. Buck's views on everything from hunting law to non-resident

hunters are funny as can be. I'm sure many of Buck's thoughts on deer will enter my mind while sitting in my deer stand next month. Don't read the book in the tree-stand, laughing out loud is not conducive to deer hunting. Will this book make you a better hunter? Maybe not, but our hunting buddies will find you a better person to be around. 0 of 0 people found the following review helpful. Not informative, and not very funny. By Gary McD The title really says it all. I enjoy hunting mags, books, and humor, but found this one to be less than worth the reading time. I couldn't bring myself to finish it. Perhaps your sense of humor will run differently than mine, and from the other reviews others have enjoyed it, but it wasn't for me. 0 of 0 people found the following review helpful. Five Stars. By Brian So funny. A must have for hunting families.

Back by popular demand, the funniest author with a gun on his shoulder is making sure he still has the last word on deer and deer hunter behavior. The new and improved BUCK PETERSON'S COMPLETE GUIDE TO DEER HUNTING offers invaluable insights into hunting equipment, techniques, and habits, making it requisite reading for hunters with a sense of humor and for those in need of one. A sleeker, rowdier, and funnier update of the classic humor book for deer hunters. Revision includes new sections on mad deer disease, suburban camouflage and desperate housewives, and what to do with awful offal. The first edition sold more than 190,000 copies. First in a trilogy; fishing and bird-hunting guides to be published in fall 2006.
