I work at a pregnancy center and everyone who comes into my office gets a good laugh out of the calendar. I hope they make this for 2017!0 of 0 people found the following review helpful. Hilarious and a hit at the office!By kenz09This calendar has been a hut at my office, especially the one that says "I don't care if he is from the art department, he needs to wear pants!" Haha (I'm in the art department) :)

Based on the eponymous web sensation, this fun calendar features adorable images of no-nonsense babies and toddlers making big business decisions in their everyday lives, every month of the year.
