By Rebekah Greer Cute calendar, a little on the larger side. Most of the funny cartoons are shown in the previews. This was a gift for my husband and he enjoyed it. :) 0 of 0 people found the following review helpful. Packaging could have been a bit better, one corner got bent By Customer Packaging could have been a bit better, one corner got bent. Overall though I love this calendar and it constantly makes me laugh!

For cat lovers and office workers scratching out a living, The Adventures of Business Cat 2017 wall calendar pokes fun at the fabric-covered boxes (aka "offices") and dysfunctional business communications that make us want to pull out our hair. But in this comic, the craziness makes some sense—after all, the CEO is a cat! The dashing title character, Business Cat, exemplifies what we love to hate about upper management: he sends incoherent emails (and expects everyone to understand); he delays meetings (because he's stuck in trees); and he changes his mind on whims (demanding to be let in, then out, then in again—even though he has freakishly human hands and could open the door

himself).
