When it arrived, my husband and I thumbed through the pages and were literally crying with laughter. We have 2 girls, a toddler and a middle-schooler. The silliness, along with some slipped-in truth, is genius. In our day-to-day repetition of making meals, changing diapers, kissing boo-boos, calming down blow-out tantrums, and surviving on 3 cups of coffee and the last slightly-warm french fries in leftover Happy Meals, this book was a perfect gift of levity. It may be the type of gift that takes a few months of parenting before it summons that guffaw of nose-snorting cackling, but I'm sure even novice parents will appreciate its handiwork! Anne Taintor, you rock!0 of 0 people found the following review helpful. Anne Taintor scores again! A great "find"By Sara Smith BaldwinAnne Taintor merchandise has become my go-to gift. I'm 54 going on 25, and all friends above 35 love her stuff as well. As gifts to someone hosting a party they are raved about. I never arrive without a little gift, it is such a nice habit and people remember who showed up empty-handed and who didn't.2 of 2 people found the following review helpful. Avoid this book if you don't like liberated womenBy James KenneyA very funny book! Anne Taintor is clever, sly, and definitely a feminist! Avoid this book if you don't like liberated women. Otherwise, order it now.Hilariously funny. See also her masterpiece, Someone Has to Set a Bad Example.

This new collection of vintage-with-a-twist work by Anne Taintor offers up a fresh serving of Anne's signature hilarious commentary on the joys, challenges, and cocktail hours of motherhood. From the fundamentals (WOW! I get to give birth AND change diapers!) to putting food on the table (you see them as pies . . . I see them as cries for help) to dealing with childhood questions (because I'm the mother . . . that's why) and strategies for taking the edge off (now be a dear and fetch mommy her flask), Taintor expertly captures the funny, frantic, and honest thoughts that most moms have experienced, with an attitude mothers everywhere will welcome.

About the Author Much emulated, never replicated, Anne Taintor first began pairing vintage illustrations with witty sayings 25 years ago. She lives in a 1783 farmhouse in Maine.
