Not as good as the originalBy Haley Montoyal bought this for a friend who suffered a great loss in her life and I thought she could get a giggle when she needed one. I have the original Awkward Family Photos book that makes my stomach and face hurt because I laugh so much. This one did not inspire that amount of joy...it is good but not as good as the original. I would stick with the original. She appreciated the gift and it is still funny...just not the kind of funny that makes you feel embarrassed about how hard you are laughing in front of other people.0 of 0 people found the following review helpful. Great booksBy Kinsley's mommaOur 2 1/2 yro daughter loves these "awkward" photo books :) they keep her entertained and even tells us stories about the photos.0 of 0 people found the following review helpful. Hysterical but also lovingBy mystery reader from schenectadySent Awkward Family Photo series to all the funloving people on my list. Let's face it, if you aren't the Brady Bunch or The Nelsons, your family photos might qualify for this series. Any mixed group of people dressed the same are funny to start with. Add a pet and .....hilarious. But the love of these people also shines through, which elevates this series from just poking fun to a good holiday book.
