By _Customer This review is from: Cajun Cuisine and More Volume 1: Great Recipes, Inspiring Stories and Cajun Humor (Kindle Edition) I opened this cookbook and my stomach started growling after reading a few of the recipes. Beautifully written, with gorgeous color photos this cookbook is a treat to read. In fact, the color photos are glorious and they will help any cook prepare the recipe just right. Some of the recipes you will find include: Cornbread and Milk Quick Shrimp Appetizer, Cajun Crab Cakes, Cajun Fried Okra, Cajun Deviled Eggs, Three Cheese Grits, Cajun Shrimp

Etouffee Smothered Pork Chops Italian Cream Cake Pecan Sandies Adding to the collection of recipes are articles about cooking and Cajun living. This is one of the best Kindle cookbooks I've read. Highly recommend. 2 of 2 people found the following review helpful. Great read and delicious recipes! By Kindle Customer I cook a lot. I mean, REALLY a lot. It's my favorite hobby, and I love feeding people. I also love reading cookbooks. My husband and I joke that he LOVES reading manuals, and I say so do *I* - FOOD manuals! :) I got this as a free e-cookbook and I would have to say it is probably the best one I've downloaded so far. I'm familiar with Cajun cooking and food, and the recipes are very authentic. The photography is lovely, and this e-cookbook has the type of formatting that I would dearly love to find more prevalent in e-cookbooks. In addition, the author has included snippets of his poetry, writing, silly Cajun jokes, and stories about Louisiana. Not only a wonderful cookbook, but a great read, and a mini-vacation to Louisiana! 0 of 0 people found the following review helpful. It Does Not Get Any Better Than This A Little Humor, A History Lesson and A Lot of Great Recipes By Robert Oliver I am just blown away by what I have just read. I was looking for some great recipes from the Louisiana bayous and I also got a wonderful history lesson on Louisiana and more laughter than I have experienced in months. This cookbook is very rich in culture, mouth watering Cajun recipes and some of the funniest humor you will find. What a breath of fresh air this author has provided to a cookbook. Not your norm for this type of book. I have found myself reading it over and over and each time I do I find something I missed the time before. I also need to mention the wonderful photos that will bring joy to your day. Cannot wait for this author to publish volume 2 and beyond. I will be a long time customer.

Unique Cajun Cookbook but this is much more than a manual for Cajun cuisine; it is a collection of Cajun humor, an assortment of native history, an inspiring variety of bedtime stories, and a dash of colorful lives and unique events thrown in for seasoning.
