Herman Parish : Calling Doctor Amelia Bedelia (Turtleback School Library Binding Edition) (I Can Read Books: Level 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Calling Doctor Amelia Bedelia (Turtleback School Library Binding Edition) (I Can Read Books: Level 2):

0 of 0 people found the following review helpful. Five StarsBy nothing to be shownMy granddaughter loves all Amelia Bedelia books1 of 1 people found the following review helpful. GREAT teacher's gift for classroom library!By Hootie562This was purchased as a teacher's gift for a teacher who has a library in her own classroom. This lady loved books so much that I thought her first grade class would enjoy having this in their collection. I purchased a few, tied them together and she was so grateful, considering she bought most of the books she owns herself. It was a win-win. My daughter got to read more, and she saved money!I did ask her which books she did NOT have but wanted. I didn't want duplicates and wanted her to have stuff off her wishlist. :)0 of 0 people found the following review helpful. Five StarsBy customerlove amelia bedevil, great seller

FOR USE IN SCHOOLS AND LIBRARIES ONLY. Starring everyone's favorite entertaining housekeeper, an I Can Read Level 2 book.

From Publishers Weekly"I hear a ringing in my ears." "A ringing? Maybe you should answer the doorbell." The inimitable housekeeper helps out at the doctor's office and stirs up trouble in *Calling Doctor Amelia Bedelia* by Herman Parish, illus. by Lynn Sweat, the fourth title penned by Peggy Parish's nephew. Ages 5-up. Copyright 2002 Cahners Business Information, Inc. From School Library Journal Grade 1-2-Parish continues the series in the wacky tradition of his aunt, Peggy Parish. Dropping by her doctor's office on a busy day, Amelia Bedelia is asked by the nurse to help out until the doctor returns from the hospital. The literal-minded maid winds up fielding phone calls from patients, infuriating one and all as she interprets their symptoms incorrectly. Finally, the doctor arrives to find her office full of irate patients. Amelia Bedelia saves the day by treating everyone to ice cream. A realistic situation? Of course not. It's just another romp with the world's most clueless domestic. As always, Sweat's color drawings perfectly capture the wild goings-on. A lively addition to the series. Lisa Smith, Lindenhurst Memorial Library, NY Copyright 2002 Reed Business Information, Inc. From Booklist PreS.-Gr. 2. Carrying on the series tradition of loony literalism, this volume tells of the mishaps that occur when Amelia Bedelia helps out at the doctor's office. As she answers the phone and tends to the children, her mistakes and misunderstandings entertain some patients and infuriate others. She wins everyone over, though, by treating the patients to ice cream. The jokes and puns have the broadness of vaudeville humor but are innocent enough for the stage of an elementary school auditorium. Well-attuned to the text, Sweat's cheerful ink-and-watercolor illustrations heighten the fun. Good fare for young readers old enough to catch the jokes.
