Charlie Ellis : Cat Selfies before purchasing it in order to gage whether or not it would be worth my time, and all praised Cat Selfies:

Fun cute novelty gift for cat loversBy tinkbabalinkI bought this as a fun little birthday gift for a cat-lover friend of mine and she absolutely loved it. This is a very small book but it is a cute novelty gift.I took off one star because the book came with a few minor blemishes, mostly because the black outline of the book cover is super high gloss so it is easily damaged. My friend didn't seem to notice but I still would have liked it to not have little scratches.0 of 0 people found the following review helpful. Five StarsBy Jody PerrineComical and cute!
