Yasmine Surovec : Cat Versus Human before purchasing it in order to gage whether or not it would be worth my time, and all praised Cat Versus Human:

Surovec has a great eye and ear for the absurdities of cat/human interactions. I was also pleased with the quality of the book- the pages are heavy and glossy, making it an even nicer gift than it would have been if on ordinary paper. And full color throughout! It is a great coffee-table book, since it's so nicely done and episodic. 3 of 3 people found the following review helpful. Cats give it two paws up! By KarenI have two felines who read this book over my shoulder. They helped give it 4 stars. It would have gotten 5 stars, but the cats said none of the drawings looked like them so they were holding out on an excellent rating. This really is a cute and enjoyable read for anyone living with a cat. I saw myself more than once in this cute set of cartoons. 2 of 2 people found the following review helpful. Love it! By Sharona Absolutely the cutest book and illustrations. Every page is relatable to owning loving cats. Not advised for a kindle. Too small so it makes it difficult to appreciate its

wonderfulness.

A hilarious collection of over 100 four color cat cartoons including cutting edge design and snarky commentary about the joined lives of cats and humans. The hugely successful blog catvshuman.com receives over 6,000 page views per day, and many of its cartoons have gone viral. 40% new material unpublished on the website. Yasmine Surovec began sketching her clever and sarcastic Cat Versus Human cartoons as a way to relax and unwind. Soon, her popular blog at catversushuman.blogspot.com began receiving as many as 12,000 hits per day, with a number of posts going viral and appearing on popular Web sites such as The Huffington Post and I Can Has Cheezburger. Now, a selection of 100 Cat Versus Human strips--many never previously published--can be found inside this inaugural collection of Cat Versus Human. Proud owners of *Felis domesticus* will instantly recognize Surovec's keen insights into cat behavior and all of the characteristic intricacies of the cat-human relationship, such as the allure of an empty cardboard box trumping an expensive battery-operated toy or how a cat's favorite nap spot might as easily be inside a litter box, on top of clean laundry, or directly on top of a human face. Cat Versus Human also encourages an affectionate look at your once-was-in-mint-condition midcentury modern sofa that is now being unstuffed one cat claw at a time.

"... playfully primitive and very humorous." (Lisa Goldstein, School Library Journal) About the Author?
