**Yasmine Surovec : Cat vs Human Fairy Tales** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cat vs Human Fairy Tales:

Obviously, they are all involving cats in some major way. The artwork is fun, cartoony, and beautifully coloured. The funny little details scattered about the illustrations added vastly to my enjoyment of Cat vs Human Fairy Tales. Look at the tiny stars for cat bottoms and if you aren't laughing, there's something wrong with you. A great, surprising gift for the cat fan in your life, whether they be eight or eighty. 0 of 0 people found the following review helpful. Cat Versus Human: Fairy Tales is a collection of fairy tales for cat lovers as interpreted through the whimsical comics of Cat Versus Human. In this collection from popular Web comic Yasmine Surovec, fabled characters and fairy princesses are replaced with cat ladies and gents ... and cats. Rapunzel's prince comes to rescue...his cats. Sleeping

Beauty's true love's first kiss comes not from a prince but from a curious kitty. Each comic puts a contemporary witty spin on classic stories while continuing Yasmine's brilliant comedic take on cats and their owners. The result is a collection that illustrates that cat ladies make for more interesting (and somewhat crazy) princesses.

"These comics prove that every fairy tale is better with cats." (Erika W. Smith, BUST.com) About the Author?
