Posing Plump Puss Practicing Yoga By Bobbi -Jean One postcard to send one to keep was a great idea for these unique, hilarious cards. Two of each are provided in this set. Every time I look at them I laugh! I dare anyone not to. In addition the cards are beautifully done very colorful, yoga pose name is under each cat as they are "posing" and these cats are "Yoga Posing" with the form of a professional and the attitude that only cats possess. The back of each card gives an explanation of the pose and the issues helped by using. I bought these as a gift for my sister and am going to frame one for her and leave the rest in the beautiful box were sent in. They were not on her "wishlist" so I called her and said a gift had arrived and I could not look at it without laughing so they had already served a purpose, making me feel happy. Love these! Thank you!

Yoga, cats and humor in these postcards By Terra Hangen These postcards are cute, happy and even have bits of yoga wisdom in them, about the benefits the specific yoga poses give to cats. I gave these to my friend who has a cat and she loves them. They come in a nice cardboard holder, so you can take out some to mail and keep the rest in the box.

following review helpful. Whimsical!By YvonneI like cats. I like postcards. I do not like the fluffy-all cutesy-in a studio type of cat postcard. These postcards show cats in a different light with great graphics to give the postcards pizazz. I can totally see my cats doing some of these yoga poses. The front of the postcard tells you the pose and the back tells you what the pose is effective for (on a cat). Funny. The postcards come in a little cardboard box that has a flap and velcro. Everyone I send these postcards to love them.

Pawsitively hilarious positions to help your cat achieve enlightenment. Guide your feline to spiritual fulfillment with these outrageous postcards, featuring various photographs of flexible felines in different yoga positions. Each postcard even includes an insightful description of the corresponding health benefits for each pose on the back.(No cats were harmed in the process of this endeavor.)32 postcards, 2 of each design
