B. Kliban : Cat before purchasing it in order to gage whether or not it would be worth my time, and all praised Cat:

0 of 0 people found the following review helpful. Loves it so much I bought anotherBy Lady McCrayMy mom bought one of these years ago probably before I was born. Once I was old enough I fell in love with it too we have all of these books. Through some fashion it was lost so I bought another.1 of 1 people found the following review helpful. A cat lover's LaughterBy Stacy LeesonI have loved the Kliban cat for years. I think they first came out with them in the early 70's and I was hooked. Each picture is so funny with captions that will make you laugh your tail off! One of the lines in the book says, "Love to eat them mousies, Mousies what I love to eat. Bite they little heads off, nibble on they tiny feet." Sound gross? It's hysterical and is that way throughout the book. I would recommend this to cat lovers and anyone who likes comics.0 of 0 people found the following review helpful. this book is funny, sentimentalBy cat504been a Kliban fan forever, this book is funny, sentimental, sit back and think, and not to forget, hug your feline today:)

It's the mother of all cat books. The book that gave new meaning to wacka-wacka and forever redefined it.Cat is the classic that started it all. It gave a voice to catmaniacs around the country and launched an entire genre in publishing and licensing. Everybody went crazy. "Neither cute nor mysterious but instead simply and irreverently, even raucously, very funny."—Village Voice.

"Neither cute nor mysterious but instead simply and irreverently, even raucously, very funny." (Village Voice.)"From the Back Cover THE MOTHER OF ALL CAT BOOKS "The book that single-handedly made 'Cat' a household word. . . . Nobody drew cats like Kliban. Solemn, simultaneously omniscient and dim-witted, they have all the Rubenesque grace of a 1950 Buick. His cats are as difficult to pin down and define as any real cat, and that is their ineffable magic." --From the introduction by Art Spiegelman "Kliban's work is absolutely what cartooning is all about." - Charles M. Schulz
