Lexidh Solstad : Catpacity before purchasing it in order to gage whether or not it would be worth my time, and all praised Catpacity:

1 of 1 people found the following review helpful. "Full time member of the cat's staff"By A. LomaxAdmittedly I was sold before even cracking a single page. It is funny, moving and caring, Catpacity brings together the writer's

reflections on the last 15 years with these awesome animals that she admires and of course serves. Lexidh cats are fierce and demanding, she captures them in all of their glory. It's a wonderful read. Made me want more cats!0 of 0 people found the following review helpful. Cat fun, cat sorrowsBy Kindle CustomerA lovely view of a cat owner slugging trough life, taking the good with the bad, and let the cat cuddles take away the tears and pain, like only cat cuddles can.Highly recommended, especially if you are considering taking in a cat.I also wholeheartedly support her (the writer) view on cat experts 1 of 1 people found the following review helpful. Good, quick read!By BGThe book went fast! So much to identify with! Humor and sadness which is what the little furballs bring to us cat people.

Cat experts write books about cats: how cats behave, why cats behave like they do; perhaps, also, what you can do to make your cats behave differently. This is not that kind of book. This book is a story about how it really is to live with cats - when you let them be themselves. It explores how they have chosen to behave in all kinds of situations, over a period of 15 years. It is a true story about a woman and the cats that have driven her bonkers enough to write a book about them. I am a survivor of a life with cats. This is our story.
