NOT A REPEAT...SHOW Us Designs BEFORE We Buy #854...By classicsGGma Since Art Books usually means ads for the print version I was a bit skeptical that we would get the full print version in the PDF but we get what was promised. These are original designs...at least I don't have any in my other coloring books. The lines are clean, not blurred and not black-heavy, except for the eyes. Beside the full page drawings, we are also given smaller half-page designs...two designs to a page. Nice to have something new. When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ?? 2 of 2 people found the following review helpful. "Cats and Roses" is the first adult colouring book from the series "Kitties Galore". It contains 24 hand drawn, single sided illustrations featuring cute cats and kittens to colour. Each illustration is included in two sizes: one per page and two per page. The smaller size is ideal for testing out your colour schemes or to cut out and frame. There are lots of opportunities to practice your techniques colouring cats and roses. They lend themselves perfectly to the practice of mindfulness and relaxation! These illustrations are designed to challenge even the most experienced colourists, but there are some simpler illustrations for some light relief! Single sided designs printed on medium weight white paper - perfect for pastels or coloured pencils, this book would make a lovely gift. If you prefer to work directly inside the book using gel pens/markers, it is advisable to place a sheet of plain paper between the pages to prevent bleed through. Or, you are free to photocopy these designs on your favourite paper or card for your own use.

From the Back Cover24 hand drawn illustrations of cute cats and kittens with a rose theme on each page. These kitties are drawn on a variety of backgrounds and depicted in scenarios suitable for all skill levels. Each illustration is included in two sizes: one per page and two per page. The smaller size is ideal for testing out your colour schemes or to cut out and frame. About the AuthorI am an illustrator who loves intricate geometric patterns just as much as figurative art. Doodling and sketching is a favourite pastime and many ideas come from drawings I make on random bits of paper. I graduated from Wimbledon School of Art in London, starting out as a scenic artist at the Theatre Royal Windsor. I have worked in other theatres in the South East, moving onto film sets and even theming large premiere parties. Now I prefer the gentleness of illustrating to the noisy world of theatre and film (though I still love the smell of fresh sawdust).
