How can someone with a sense of humor thumb through this book and not see the hysterical irony of these cartoons. R. Sherwood has tapped into the funny and twisted world of "Cat People"!! These drawings are spot on with their absurd point of view. Who can resist laughing at these witty, farcical lampoons?? I say NO ONE!! It takes one of intelligence and someone who has a great desire to laugh at the world to enjoy the mockery that comes from these pages~ I have several copies of this book and have given them away as gifts. I feel very confident that I am giving more than just a book....I am giving the gift of laughter!! I say to all those who are looking for a great, light, and humorous book to give this author a try!! You will not be disappointed!!!0 of 0 people found the following review helpful. this book is so funny! I love catsBy Jacquelinethis book is so funny! Cats are worthless! At least get a good laugh at their expense! From toilet plungers to fire extinguishers, fly swatters to swimsuits, explore the dozens of clever, funny, disgusting and down right twisted ways cats cannot be used for simple everyday needs.
