On a daily basis I feel like I'm not living up to the standards that my cats have set for me. But after reading this book I have now realized that I can achieve my goals of having my 57 cats respect and love me as if I were one of them.0 of 0 people found the following review helpful. Great Cat Book With Plenty of Attitude!!!By Thomas MbertaMs. Levin's Cattitude is a classy tribute to the feline world with a wonderful photographic twist. I have enjoyed all her similarly themed volumes and they are all little classic gems. Get them all!

It's Sex the City meets All I Need to Know I Learned from My Cat. This compendium of sassy advice from felines to females might make you think your cat has gotten hold of Carrie Bradshaw's computer. In Cattitude, cats are finally dishing out their savvy secrets. "Accept your body. Augment your ego." "Make immediate gratification your mantra." "Remember good lighting is more important than good genes." "Get yourself an entourage." Although we may not know for sure what goes on in the feline mind, the clever pairing of images by noted pet photographer Kim Levin and text by Christine Montaquila in this irresistible gift book-embellished with a glamorous faux rhinestone-studded cover-leaves little doubt. Cattitude celebrates the brazen feline in all women, encouraging them to keep their claws sharp and their self-esteem high.
