Eddie Cantor : Caught short!: A saga of wailing Wall street before purchasing it in order to gage whether or not it would be worth my time, and all praised Caught short!: A saga of wailing Wall street:

2 of 2 people found the following review helpful. Worth reading---By Austin readerA short, funny essay, of sorts. It made me feel like I was around during The Crash, and that was interesting. Check it out if you are a fan of that era.8 of 8 people found the following review helpful. "Caught Short" Seventy Years LaterBy Thelma V., MuellerIn the mid-1930's, as a precocious ten-year old devouring everything in my parents' library, I read "Caught Short". Now, seventy years later, I still remember its author, Eddie Cantor. His message and humor seem (in my memory) just as fresh and appropriate today as during the previous Depression.Read it and take comfort that we got through that frightening time of banks closing, jobs lost, houses vacant. Keep breathing and we will survive the current chaos, as familiar as yesterday to children of the Great Depression.submitted by Thelma Vauhan Mueller, Ed.D.

The Great Depression was just beginning in 1929, when this 47-page booklet was first published by Simon Schuster. In pure Eddie Cantor style, he describes life as it was then.
