From the dangers of eating cabbage to the inadvisability of rotten eggs, from punch-ups at a village fair to larceny, forgery and insanity "Cautionary Verses for Childish Adults" will ensure that your barely-suppressed titters receive

funny looks from your fellow train passengers. This superbly illustrated volume is a collector's piece that will go down in the annals of history as one of the most brazen attempts to subvert the canon of English literature with heavily-salted doggerel.

About the Author Over the years, Sean O'Neill has been published in a variety of periodicals not including the New Yorker, the Washington Post and the Times of London. He has had a varied career as a humorist and has eschewed appearing on many TV shows, including but not limited to Saturday Night Live and the Jerry Springer Show. In 2008, for the third year running, he was not awarded the Conde Nast Humorist of the Year Award. This is his second, but by no means last, book of light verse in print. Sean O'Neill does not live in New York with a household of seven cats and a canary.
