1 of 1 people found the following review helpful. Great primer for the budding artist. By NekoCute book to teach the basics of sketching. Purchased this for granddaughter as she is starting to sketch. Will be very helpful. Met the author and artist of this book. Waiting for the next book to come out. This book is great for the child who can read and follow directions. Basic shapes introduced and how those shapes can be used to draw figures. Again, great primer for the beginner! 0 of 0 people found the following review helpful. Awesome book! By Matthew Our daughter loves the book.

Great book to engage young minds. Look forward to the next one! 0 of 0 people found the following review helpful. Our kids love the book! By alena My 9 year old loves to read it to my 4 year old, they laugh and learn together. Fun illustrations, great teaching details about learning to how to draw and cutest characters! Will be buying it for our friends' birthdays.

This book is about relationship between parents and children, dash of humor, kindness and respect plus you get to learn how to draw from a caveman himself :-)
