**Charles Bragg : Charles Bragg On the Law** before purchasing it in order to gage whether or not it would be worth my time, and all praised Charles Bragg On the Law:

By Kayakeruth Drawings are terrific, and book's condition is better than expected, plus price was very fair. Bragg's books are getting scarce. 1 of 1 people found the following review helpful. Surprises and laughs By R. G. McCloud Cool art work. But the real surprise is the author's personal story. 3 of 3 people found the following review helpful. Hilarious! By A Customer If this book comes back into print, grab a copy for yourself as quickly as you can! Most of the prints/pages are suitable for framing and can (should) be displayed in an office or den (law-related or law-based, theme-related). What you will pay to actually own a copy of this book is negligible compared to what you will get for your money in terms of laughter, entertainment, and just plain old "Grand Satisfaction" (like your favorite movie of all time that you don't mind watching again and again)! This book is an absolute "must" for lawyers who don't mind being the brunt of jokes and reminded of their faults and foibles (such as myself), or for people who enjoy poking fun and crucifying the legal profession in an alternately light, incisive, honest and humorous way!

A sardonic view of our fun-filled legal system in action presented in 35 images drawn by Charles Bragg.
