Bruce Hale : Chet Gecko's Detective Handbook (and Cookbook): Tips for Private Eyes and Snack Food Lovers before purchasing it in order to gage whether or not it would be worth my time, and all praised Chet Gecko's Detective Handbook (and Cookbook): Tips for Private Eyes and Snack Food Lovers:

0 of 0 people found the following review helpful. Chet Gecko's Detective Handbook and Cookbook - arrived early and in good condition
By Frances F. Delahanty, Ph.d. Thanks for this good copy of the Chet Gecko Detective Handbook and Cookbook. My grandson is a great fan of the Chet Gecko stories and he doesn't have this handbook and cookbook. I look forward to giving it to him.
0 of 0 people found the following review helpful. Great combination!
By Nora R. Smith I have a teenager who used to read these years ago, and has taken some cooking classes since. So, what more fun than to combine those two, and tempt him into having even more fun! Works great. Wonderful idea! (Kids just love being able to try book or movie characters out in real life, as you might say. It's a great combination of reality and imagination.)
0 of 0 people found the following review helpful. Awesome for imaginative readers
By E. A. Coffey My twins love to read but they like books that are more make believe than stories about real people. This is perfect and a welcome addition to all the regular Chet Gecko books. The way it's written is fun... and the recipes are real with funny titles. Not a lot of recipes but the book is very unique and enjoyable, page after page.

Revealed at last--secrets and surprises from ace detectives Chet Gecko and Natalie Attired's criminal casebook! This nifty (and very handy) handbook features tips and techniques for detective work: how to shadow people, collect evidence, and conduct searches; photocopy-ready documents that every private eye needs--license, search warrants, forged sick-day notes from parents; a list of suspects and pointers on how to ID the crooks; a guide to detective lingo for all you shamuses; and tasty recipes for distinctively Chet Gecko-ish snacks, including Tick Tacos and Sweet Potato-Bug Pie (minus the bugs, of course). It doesn't take a private eye to see that this book is F-U-N.

[in burst?] Laughs! [in burst?] Suspense! [in burst?] Bad jokes! [in burst?] Gross snacks!
