Okay, lover girl. Your new man has you startled, staggered, and swept off your feet. Now what? You know who you are. The store clerk caught you scooping up beauty tips and slipping Cosmo magazines under the milk and potatoes in your grocery cart. And you are busy checking in at yoga studios to tighten your arm muscles and buttocks, announcing, "He may be the one" to anyone who will listen. Where is this going? Down the aisle or down in flames? Cinderella Has Cellulite offers a welcome and realistic look at relationships when Prince Charming suddenly walks into your life. Wild satire abounds in this hilarious, off-the-wall take on his friends, your friends, his ex, the in-laws, and everything in between. A must read for last wives and women everywhere!
