**Cindi Madsen : Cinderella Screwed Me Over (Entangled Select)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cinderella Screwed Me Over (Entangled Select):

0 of 0 people found the following review helpful. Excellent ReadBy Annette DahlThis is my first read by this author, and it's just the kind of story I adore. The flashbacks of Darby's journey through life was very clever matching it to Disney characters as case studies. There were so many snarky one liners, statements, situations, clever responses I spent a lot of time laughing out loud. And, that was throughout most of the book. One of my favorite scenes was when Darby was explaining to Jake how crazy woman are. It was funny and so true. I spent all of the book waiting for

Darby's great epiphany to come. It took so long I was afraid I'd end up thinking she was TSTL. But, it came at the right time, and from an act of a pure heart. Which is what Jake had. There were so many times I thought, why does this poor sweet kid put up with her. This was a story written and told to perfection with no explicit sex. It was sweet and romantic while keeping it clean. I wouldn't have minded if it had just a little more to the scene when this couple finally got to the intimate coupling, but I loved it anyway. One of the other things that is important for me in a contemporary romance is that it seems to be realistic. This story felt very realistic, even with Darby's really dumb anti-love forever issues. Moral to the story..... It's better to have loved and lost than to never have loved at all. Excellent Read. 0 of 0 people found the following review helpful. A delightful and charming story! By lorigonzo Such a fun, quick witted, charming book to read! I loved Jake all the way through this book. He really was very charming and had the patience of a saint. I loved how he was with Darby - completely understanding of her rules and issues with relationships. He took her for who she was but was determined to show her how right they were together. If ever there was a more swoonworthy of a male character, I am not sure. And Darby, I loved her too. I could totally get into her mindset and understand her craziness. But under those relationship issues, she was big hearted, sarcastically funny, and a great friend. Their story was very sweet, very entertaining and one that will stay with you for a while. 0 of 0 people found the following review helpful. Fun read By Beckyrae99 (Becky Wise) A fun read. It's cute and a little sassy. Darby is one that tells it how it is. She's afraid to let love in and doesn't want to get her heartbroken no matter what the cause. Then enter Jake. I love Jake. He never gave up no matter how many walls Darby continued to put up and how many times she pushed him away. He knew what he wanted and wasn't afraid to work for it. Darby has all these rules and her case studies of past relationships that she lives by. And well she's okay with it until Jake. He was one she never saw coming. I love the chemistry between them. I love the fight and fire in Darby. This was an amazing read.

Darby Quinn has a bone to pick with Cinderella. Burned one too many times by ex-boyfriends, Darby has lost all belief in the happily-ever-after that the fairy-tale princess promised her. She's sworn off love, Prince Charmings, and happy endings and she's happy about it. Really. Or at least she was...until she met Jake, her gorgeous neighbor and the manager of her favorite restaurant. But Darby has rules about dating, ones she's culled from her years spent with so-called "princes," and starting something with Jake would break all of them. Charming, fun, and unwilling to give up on her, Jake doesn't fit any of the profiles Darby has created from her case studies of ex-princes-gone-bad. Finally presented with her own Prince Charming, can Darby take a chance on a happily-ever-after? Full of wit and sarcastic humor, Cinderella Screwed Me Over by Cindi Madsen proves that sometimes the perfect love, like a perfect pair of shoes, is just within your grasp.

Darby and Jake had sizzling chemistry but also a blossoming friendship. Those are the kind of romances that leave me convinced of the HEA. - For What It's Worth s
