**Stuart Royce : Circolour - Midnight Edition (Absent-Minded Art) (Volume 2)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Circolour - Midnight Edition (Absent-Minded Art) (Volume 2):

2 of 2 people found the following review helpful. Awesome black background mandalas! By Austin I first found this artist through the regular/white page version of this book. I was thrilled to learn that circolour was now available with black pages in the "midnight" version. I ordered the book ASAP and it is awesome! I prefer black background coloring books over white page books and this book is thick with one sided pages (great for markers). I also suggest his other mandala book called "the secret mandala"

Circolour: Mandalas Patterns [MIDNIGHT EDITION] This is the stunning second installment in the Absent-Minded Art series of colouring books. Suitable for all ages and with 101 original, full-page, single-sided mandalas and patterns to enjoy, there is a wealth of choice at your fingertips. Single Sided. Black Background with white mandalas. 101 original full page designs. portable 8.5"x8.5" dimension. Spare pages that can be used to help protect other images from ink bleed. A fun flickbook on the blank pages. Glossy cover. Brimming with beautiful and intricate designs that will engage and draw you into your own world of peace and mindfulness, all that's missing in order to really bring it to life, is you and your favourite colouring materials. And remember, you don't need to be an artist to enjoy this, you just need to love colouring. For more see: For Flickthrough and samples, see original, and imagine it inverted. ;) Other
