1 of 1 people found the following review helpful. My Hero! By Carolyn P. Pugh 2015 sucked with the loss of David Letterman's show, Jon Stewart's Daily show and with Donald Trump's presidential run going from funny to fearful. Thank you, thank you Dave Barry for your 2016 Calendar. I cheated and read Jan. 1, 2016 on Dec. 31, 2015. I'm sure it will get me through the 2016 election year. 0 of 0 people found the following review helpful. ... off only one page a day he is that good. I also have purchased or have had given ... By Steve I have ordered a Dave Barry calendar for many years and find it very difficult to tear off only one page a day he is that good. I also have purchased or have had given to me every book that he has ever written. Obviously I consider Dave Barry one of my very favorite authors and wish he had not retired from his column (but how can anyone keep up the pace of his humor as long as he has?). 0 of 0 people found the following review helpful. ... never read anything by Dave Barry that wasn't extremely funny. I bought the calendar as a gift for my son who is a big fan of Dave Barry, and he's really enjoying it.

Dave Barry's humor stands the test of time. Each page of this daily calendar zeros in on a topic from his columns for the Miami Herald: toilets, stolen corneas (from eyeballs), bowling, mini bars, Swiss bank accounts, dogs vomiting, naked Europeans, fraternities, abdominal muscles, toads, frogs, the Vega (the car, not the star), the IRS (greatest government agency ever), swap shops, cow udders . . . all the cool stuff that never gets old.

About the Author? Dave Barry is the author of many bestsellers including *Dave Barry's Complete Guide to Guys*, *Dave Barry Turns 40* and *Dave Barry Is Not Making This Up*. A wildly popular syndicated columnist, Barry won the 1988 Pulitzer Prize for commentary. He lives in Miami, FL.
