S C Woodbury : Clever Animals: Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Clever Animals: Coloring Book:

What could possibly be better than coloring? How about a coloring book with a sense of humor? This book is here to help you relax and give you a smile. In these pages, you'll find more than forty hand-drawn images of animals sharing humorous one-liners and other commentary. From mischievous cats to hipster crustaceans, these critters will put a smile on your face while you add color to their lives.
