**Tami Knight : Climbing Tales of Terror** before purchasing it in order to gage whether or not it would be worth my time, and all praised Climbing Tales of Terror:

0 of 0 people found the following review helpful. Best climbing book... evahBy Pen NameA brilliant tome filled with masterful insight into the climbing world. If you're going to only buy one book about climbing, this is it. There is no equal. Look no further. No.... really, don't bother looking.0 of 0 people found the following review helpful. Climbing humorBy A CustomerIf you like climbing, and you like cartoons, you'll love Tami Knight. The best climbing cartoons since Sheridan Anderson, of course I don't know of many climbing cartoonists who are published anyway. Her illustrations aren't as polished as Anderson's, but her humor is right on. She pokes fun at all styles of climbing from sport to alpine. Being female, she might focus a lot on the machismo of climbing, but after all, there is more material there to work with.2 of 2 people found the following review helpful. Demented climbing humor, great fun!!By A CustomerTami Knight draws some of the best and most demented cartoons its ever been my pleasure to read.I just keep laughing when I think of Sid and Ed the Siamese climbers, 'Rinky-Dinky Dogs', and 'Avalanch Poodles'.I can't think of a better way to spend a non-climbing day.Special note: Cavers ('the Pale Ones'), hikers ('Fossilized Guide Book Authors'), and 'lycra-clad weenies' should not look at these cartoons unless they're into abuse.

Relax into yer fav'rit easy chair with yer fab snack and "HOT" new book and howl about lycra-clad buffoons, guffaw over bolt-slammin' geeks, split a gut at Avalanche Poodles, collapse on the floor in a weepin' heap of laughter cuz of Climbing Tales of Terror.

From the Back CoverHey...getting to be just about the best? But, today, well, today you just don't want to get on the rock. You can still enjoy climbing without even lookin' at a rock. Follow these simple rules: Take this book out of yer back pocket, up to the counter, and pay for it. Zoom home like a crazed fiend. Snitch yer mom's most secret stash of tortilla chips then pour yerself a generous amount of the finest 12-year-old single malt scotch. Relax into yer fav'rit easy chair with yer fab snack and 'HOT' new book and howl about lycra-clad buffoons, guffaw over bolt-slammin' geeks, split a gut at Avalanche Poodles, collapse on the floor in a weepin' heap of laughter cuz of Climbing Tales of

Terror. (8 1/2 x 5 1/2, 128 pages, illustrations)
