**Jack Deadmen : Clowns, Chronicles Paper Dots....** before purchasing it in order to gage whether or not it would be worth my time, and all praised Clowns, Chronicles Paper Dots....:

0 of 0 people found the following review helpful. Shakespeare is to romance as Deadmen is to clownsBy JPALIf you like clowns, read this book. If you don't like clowns, read it twice. You'll laugh (a lot) and cry (when it's over). It's not a novel, nor is it an investigative piece. It's brief tales of crazy clowns from the crazy-amazing Jack Deadmen. It takes one to know one.

With wit akin to Steve Martin's "Cruel Shoes" and Woody Allen's "Side Effects," Deadmen will delight you even if clowns aren't your "thing." From the thespian clowns planning a trek across America on their tricycles in an homage to Easy Rider, to Mephistophelian pacts with the Devil, you'll find out what lurks behind the doors of the most thrilling freak show on Earth! Some may think it bizarre humor; others will simply call it a collection of ingenious, satirical vignettes about clowns imitating art, and life imitating clowns ... we just call it: "Clowns," Chronicles Paper Dots."
