Customer This is one of the better books on cocktails available. It contains a decent, but not large, collection of cocktail recipes. And the recipes that it contains are -excellent-. Interspersed throughout the book are insights, information, and opinions about what it really takes to make a really, -really- good cocktail. You won't find any of those fru-fru cocktails with silly names or funny ingredients here. If you are serious about learning about cocktails, then this is one book you need to pick up. -Robert 2 of 2 people found the following review helpful. A witty look at the past, present and future of cocktail. By A Customer In an insightful and witty exploration of the highballs and lowballs of cocktail culture, Ms. Matczuk has provided every prospective host with a guide to mixology in the next millenium. From her fascinating exploration of the origin of the cocktail, to her tongue-in-cheek criticism of "so-called bartenders" of the present era, Ms. Matczuk paints a colorful backdrop to her examination of the cocktail nation phenomenon. Any bar, whether in Manhattan or the rec room, MUST have the Little Black Book of Cocktails as close at hand as the ice bucket and the jigger. Shaken or stirred, this is a must read for anyone seeking an alternative to micro-breweries and wine bars. 0 of 1 people found the following review helpful. it is ok By Ivelina S. Koseva I cannot say it is the best, actually it could be more consistent. But it is a start, something to read at home and use to fix drinks at home.

The history of swing, the story of Prohibition, the inspiration for tiki, and the secret life of absinthe. Cocktail-O-Matic is the killer-diller guide to all things cocktail. Not just a step-by-step guide to the care and handling of the classics? the Manhattans, martinis, Bronxes, sidecars and more? it's the story of how those cocktails came to be. From Esquivel to Trader Vic, James Bond to Frank Sinatra, mambo to Space Age Bachelor Pad, Cocktail-o-matic is the little black book of swank. Includes more than one hundred recipes for the aspiring mixologist.

About the Author Writer, journalist, and producer for the CBC, Suzanne Matczuk's work has appeared both in print and on radio. But with the help of a little Tanqueray and a bossa nova beat, she transforms into the super-fabulous Velveeta Royale, leading the local cocktail set with a wave of her shimmering silk-gloved hand.
