**Ron DeMiglio : Coffee, the World, and Jesus, but Not Necessarily in That Order** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Coffee, the World, and Jesus, but Not Necessarily in That Order:

1 of 1 people found the following review helpful. i found this book to be much like a conversation you would have over coffee By Cody Combesi found this book to be much like a conversation you would have over coffee, fun easy

and free flowing, Fitting to the title i guess. The content, context, and character of this book has a very honest and straight forward feel to it. Ron is truly laying his heart and soul out. Using the lessons he has learned in life and the lessons he has learned from scripture to put a powerful and thoughtful view on how we as Christians and followers of Christ are viewed or should view the world around us. This book isn't my typical cup of tea (see what I did there), But was suggested that i read it. i wasn't disappointed and my time wasn't wasted. the book has a very jovial and light hearted feel. but nothing is watered down and I'd suggest it to anyone. 1 of 1 people found the following review helpful. sure but he'd probably be a pretty straight shooter when it came down to it By Glaffs There's a very high degree of honesty in this book. Things are always from a person's experiences in life in these types of books, but when I read this one I know it to be incredibly genuine. There is a lot of very well placed bits to add some humor to this, but at the end of the day it's all just a guy you'd sit down with at a coffee shop who wants to talk to you. He'd joke around with you, sure but he'd probably be a pretty straight shooter when it came down to it. If you want a good read from an author that lacks condescension and is totally honest about himself, and tie it all in a bow and serve it to you with some Jesus..... Read this book 1 of 1 people found the following review helpful. Brilliant By James L. Rubart In the spirit of full disclosure, I'm 100% biased about this book. I've known about it for a long time ... knew about it even before there was an idea about it becoming a book. I've been friends with Ron almost since the days of the covered wagons, but had no idea his abundant talent for writing. Then my wife pointed me to his blog about four years ago, I read a few posts and thought, "Ron has to get his brilliance to more readers." And obviously he did. So yeah, I've loved Ron's writing for a while now. I think you will too. He'll zing you into the sky with his wit, then plant you solidly back on the ground as he skewers life from an angle you probably haven't seen before.

Life lessons and almost irreverent musings from twenty-five years in the global coffee industry When many Christians take a long, hard look at the lives of the spiritual elite in America, they want to shout, "I don't want to be like that!" Ron DeMiglio knows how they feel and he's not afraid to do the shouting—even when those shouts are sometimes directed at himself. Coffee, the World, and Jesus is a collection of mildly contrarian musings from this international coffee businessman who happens to love Jesus. In these humorous vignettes about the relational, flawed, unwavering faith Ron clings to, readers will find glimmers of their own daily struggles to reflect Christ in a fallen world. For the religiously cautious, the disillusioned, and jaded followers of Christianity, this is a refreshing look at how God reveals Himself to be so much bigger than politics, dogmas, or western influences. Ron's sidesplitting series of stories about how he found his spiritual groove smack-dab in the middle of his God-breathed, coffee-scented uniqueness will appeal to readers looking for a quick bite of spiritual growth with their next latte.

About the Author Ron DeMiglio is the former president and owner of Eko Brands, LLC. The past twenty-five years of his life have centered around coffee as he traveled around the world. Ron lives in Snohomish, Washington.
