**Susan Stec : Coffin Fit (The Grateful Undead series) (Volume 4)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Coffin Fit (The Grateful Undead series) (Volume 4):

2 of 2 people found the following review helpful. Hilarious and Entertaining!By CustomerWhenever I'm looking for a light but engaging read, I always turn to Susan Stec. She's one of the few authors who I feel pull off humor well. In a genre where too many stories lack an engaging plot, Stec stands out as an author provides an engaging storyline along with the giggles, showing the world that while her stories are funny, her dedication to her craft and desire to provide

quality reading is serious. If you've read the future books in this series, you'll be thrilled to be reunited with the gang. The Stech family antics do not let up in the fourth installment of the Grateful Undead Series, Coffin Fit. The stakes are higher (pun intended) and my laugh were louder; indeed, more than a few times I did draw the "what on earth are you laughing at" glares from my husband while staring down at the pages of my kindle. If you think all books in the vampire romance genre are the same, you haven't read this series. Take a look and you won't be disappointed!0 of 0 people found the following review helpful. Paranormal fun!By Deborah E. EhlingIf you love laughing, mixed in with love for dysfunctional friends and family, you MUST get Susan's books! Her books not only keep you glued to the stories and laughing, but loving, crying, cheering, wanting to throat punch occasionally and let you love all things paranormal! Vampires, shape shifters and all things paranormal are fun! Don't waste another minute reading reviews! Go buy these books!0 of 0 people found the following review helpful. Another great installment in the life of the Stech familyBy Timothy BatesonSusan Stec knocks out another amazingly funny episode in the lives of the most disfunctional family of vampires ever.It's always fun picking up one of these books, because the stories are well written, the characters are larger than life, and yet you can't help but pray they muddle through each crisis.I have enjoyed this series immensely, and can't wait to see if things are picked up for a fifth book.

All Hell breaks loose in book 4 of the Grateful Undead series the women in the Stech family are aging. Jeni and Paul are dating. Christopher is getting a free Travel-to-Hell-and-Back card from Satan. JoAnn is using and abusing drugs, and she's sexting Raphael at bedtime. Raphael wants to come to earth and live with JoAnn and Lily. Chick kills a senior citizen at bingo. Dorius' head is on the block with the Italian council—a fanged critter turned up in Italy. What others are saying about The Grateful Undead series: Hilarious and irreverent new twist on the paranormal/vampire romance genre ~~~Barnes and Noble overview A fresh take on the oft-bitten vampire milieu~~~ A rip-snorting satire on all things vampiric and paranormal~~~ Most assuredly NOT your teenaged daughter's vampire story~~~ It's refreshing to see an author take on what is now a very popular genre and make it her own~~~
