A complete waste of money and timeBy Laura BoymanThere are approximately 5 pick up lines in total, each with their own pointless origin story. 3 out of the 5 aren't even pick up lines and the other 2 are not original in the least. This is one of the most dissappointing purchases I've ever made.0 of 1 people found the following review helpful. Five StarsBy Stephen CarterI'll take 10

Have you ever met a woman that you like but was to nervous to speak to her? Well my friends I've got the thing just for you!!! In this book I'm giving my famous pick up lines that I've said to many ladies in the past. Also They're some that were told to me. So sit back and enjoy this fine read.
