Along the way you'll learn the history and characters of Lake Wobegon. If you love Prairie Home Companion, you'll appreciate the stories here that give background to many of his weekly presentations on public radio. 0 of 0 people found the following review helpful. Garrison Keillor's characters just come alive! By Michael Paynter Although Garrison's stories sometimes tend to stray too far from the beaten path he lays out, he puts such depth and pathos into his characters that the whole path is worth the journey. I would agree that he is the Mark Twain of this past generation. Definitely recommend it for the serious student of classic literature and the lay-reader alike. 0 of 0 people found the following review helpful. Five Stars By William P.
