Brilliant Activity Books : Large Print Adult Coloring Book: Big, Beautiful Simple Designs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Large Print Adult Coloring Book: Big, Beautiful Simple Designs:

5 of 5 people found the following review helpful. Great coloring book for those with hand issues that don't want tiny detailed pages to color. By Sirius Reviewer I color every single day. But I do have arthritis and other hand issues. So many coloring books have images that are so detailed, that I cannot keep within the lines or use markers. This book has nice big images, not too simple, some detail. The only thing I didn't like is some of the flowers were so simple, they just aren't worth the time to color. But otherwise, lots of pages to color, great for an older person that likes to color, but doesn't want tiny detailed drawings. 2 of 2 people found the following review helpful. Excellent simple coloring book. By Sarah My kids and I LOVE adult coloring books, but some of the intricate designs and small details overwhelm me and make it anything but relaxing. Plus my older eyes *cough cough* struggle with these small details.

Finding a larger print with simple designs is right up my ally. This book has beautiful designs, plus a coloring testing page which I hadn't seen before on other books. Thought that was wonderful because so often my colored pencils say one color when they are a totally different color. 5 of 5 people found the following review helpful. My mom has bad eye sight and she loves the larger pictures and ...By Lexia RuegerMy mom has bad eye sight and she loves the larger pictures and has enjoyed this book a lot. I would love to see more large print, because I would definitely get them for my mom.

Inside are 48 letter-size pages — each one with a big, beautiful and relaxing image to color. We have tried to offer you many different ways to enjoy the benefits of both simplicity and creativity! To that end, there's a range of artwork inside — including flowers and hearts, animals and geometric shapes, paisley and abstract elements — and the areas to color are larger than those found in many other adult coloring books. Some pages offer more complexity than others, but all of the designs have dark lines and plenty of space to color without the need for super-fine markers or pens. These simpler versions of patterns and hand-drawn decorative designs have been chosen especially for those new to the world of adult coloring books, anyone who doesn't want to color in complicated drawings, and those with vision or motor issues for whom less-intricate artwork is preferable. Although relaxation and fun both come from the coloring process itself, when you finish each page, you will be left with the lasting reward of a beautiful piece of art!
