3 of 3 people found the following review helpful. Extremely Simple Large DesignsBy Robyn C.Good paper, with the designs printed on one side of the paper only. As it says, it is flowers only. The designs in this are EXTREMELY simple and large. They are definitely for people with vision or coordination problems. The designs would work easily with crayons or broader tipped markers. A person who just prefers simple designs as opposed to intricate, detailed pages might find these pages boring. I recommended for anyone with vision, coordination problems, arthritis, etc. Older grandparents might enjoy coloring these with young grandchildren.2 of 2 people found the following review helpful. very cool floral book.. nice for a younger child or an older adult. actually its good for any age.. very coolBy

jenny claytonthis was very different than any coloring book I have ever had what I really liked about it was that it didn't have all these super tiny little flowers, it was nice and big, and it had a key in the front and back of the different flowers, very pretty and very different I loved it. it would be nice for a young child to do because it isn't intricate but it is also very pretty. I really like it..3 of 3 people found the following review helpful. Five StarsBy Robert CBeautiful larger pics to color for adults

Inside are 48 letter-size pages — each one with a big, beautiful and relaxing flower image to color! We have tried to offer you many different ways to enjoy the benefits of both simplicity and creativity. To that end, the areas to color are larger than those found in many other adult coloring books. Some pages offer more complexity than others, but all of the designs have dark lines and plenty of space to color without the need for super-fine markers or pens. These simpler versions of flower designs have been chosen especially for those new to the world of adult coloring books, anyone who doesn't want to color in complicated drawings, and seniors or others with vision or motor issues, for whom less-intricate artwork is preferable. Although relaxation and fun both come from the coloring process itself, when you finish each page, you will be left with the lasting reward of a beautiful piece of art!
