Inside are 48 letter-size pages — each one with a big, beautiful and relaxing mandala image to color. We have tried to offer you many different ways to enjoy the benefits of both simplicity and creativity. To that end, the areas to color are larger than those found in many other adult coloring books. Some pages offer more complexity than others, but all of the designs have dark lines and plenty of space to color without the need for super-fine markers or pens. These simpler versions of mandala designs have been chosen especially for those new to the world of adult coloring books, anyone who doesn't want to color in complicated drawings, and those with vision or motor issues for whom less-intricate artwork is preferable. Although relaxation and fun both come from the coloring process itself, when you finish each page, you will be left with the lasting reward of a beautiful piece of art!
