Jorge Llopis : Las mil peores poesas de la lengua castellana (Spanish Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Las mil peores poesas de la lengua castellana (Spanish Edition):

1 of 1 people found the following review helpful. Thirty Years of Delight By Joseph A. Difrancesi If you like to laugh (Haven't left anyone out yet, have I?), still harbor grudges from Spanish lit. professors who lauded insufferable or insipid (in your view, natch) 'giants' of Castilian poetry, and you value someone who knows his poetic nuts and bolts, and, above all, really love to laugh (Said that already? Well, that is the bottom line here), then do what you can to get this book. Mr. Llopis' little tome is such that you can open it at random and in a matter of seconds find yourself splitting a gut at his irreverent comments and hilarious (and skillful) parodies of the greats and the not-so-greats of

Spanish verse. Chance so conspired that I came into possession of this book in 1974 and it remains one of my most precious volumes. Do your funny bone and your heart a favor and get your hands on this gem.

Rare book: Price in USD
