it was okay. It made me laugh a few times, but I'm not sure I'd recommend purchasing it. Maybe borrow it. 8 of 8 people found the following review helpful. An Invitation to laugh at ourselves By Penni Mangan It's hard to believe these stories are not scripted by Hollywood. People say the funniest things. I am so glad Sevilla wrote this book after such a long break. As Sevilla points out, most people don't think of the law as a fertile source of humor. But even in the courtroom, humor pops up unexpectedly. A great read and one in which you can put it down and then pick up again when you could use a good laugh. Enjoy this invitation to laugh at ourselves. Penni Mangan San Diego CA 6 of 6 people found the following review helpful. Law and Disorder By Darcy Most of the book has super funny, laugh out loud court scenarios. The final pages have me wanting to buy author's previous versions to see if they are just as funny, or funnier. I think this would be a great tension reliever for attorney/court waiting areas.

More hilarious, unbelievable-but-true stories from our nation's courts, from the author of *Disorder in the Court* and *Disorderly Conduct*. Charles M. Sevilla finds comic gems in court transcripts and now brings readers a delightful, all-new collection. Starting with a chapter on the defendants (one of whom, when asked his marital status, replies after a long pause, "Adequate") and following with sections on lawyers, experts, witnesses, evidence, and even one called "Malaprops" (DA: The status of the boat has no relevance to this case at all. This is a total fishing expedition). Stories from Sevilla's previous books have become viral Internet sensations, priming readers for more legal disorder, such as: Clerk: Do you solemnly swear that the testimony you are about to give in the cause now pending before this court shall be the truth, the whole truth, and nothing but the truth, so help you God? Witness: Yes, I swear. I'll say anything but the truth, nothing but the truth. 14 illustrations

From Booklist Here's Sevilla's third collection of funnies (*Disorderly Conduct*, 1989; *Disorder in the Court*, 1993) from U.S. courts, supplied by contributors, named and anonymous, from around the U.S. In 10 chapters, with such titles as "The Defendants," "The Lawyers," and "The Jurors," odd and humorous excerpts from court proceedings, sometimes in QA format, are presented. Bad language, misunderstandings, and malapropisms abound, and sometimes the judges themselves let loose with fed-up lectures, comments, and last-word asides. The accused, for the most part, come up with the most comments, both unexpected and profane. Although some anecdotes may ring bigger bells for those in the legal field, others are easy to laugh at, even while noting that they're about probable serious offenders and others in nerve-racking spots (e.g., a forensic psychologist is asked his current position. Answer? "Sitting"). Sevilla opens each chapter with quotes from luminaries, ranging from Rodney Dangerfield to Charles Dickens to Albert Einstein, that provide food for thought amid the chuckles. Funny and eye-opening. --Eloise Kinney About the Author Perennially on the "Best Lawyers in America" list, Charles M. Sevilla has a private law practice in San Diego.
