Excerpt from Law and LaughterThe scope of this volume is indicated by its title - a presentation of the lighter side of law, as it is exhibit ed from time to time in the witty remarks, repartees, and hon mots of the Bench and Bar of Great Britain, Ireland, and America. The idea of presenting such a collection of legal facetice originated with the late Mr. D. Macleod Malloch, and it is greatly to be regretted that by his untimely death, his share of the work had reached the stage of selecting only about one-half of the material included in the book. His knowledge of law, and his wide reading in legal biography, was such as would have increased considerably the value of this volume.About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books.
